Miami Counter Windows

Miami Counter Systems are an aluminium sliding window solution designed to provide heightened security and style in interior spaces.

Miami system is often used in a number of applications including:

- Hatches
- Reception counter windows
- Commercial eateries

Miami is customisable, available in a wide range of finishes, and is compatible with a variety of locks, catches and acoustic or weather seals.

The Miami System delivers a modern, minimalist aesthetic compared to the traditional bulky design of conventional window frames. Simple to install throughout a variety of commercial settings, Miami is an increasingly popular design within commercial eateries and reception spaces.

When ordering a Miami Counter Window System, please specify the following:

- Miami Counter System (120 Ball Bearing System or 180 Single Sliding Track or 220 Double Sliding Track)
- Opening Height
- Opening Width
- Lockable / Non-lockable (Yes/No)
- Finger Grip Height on Glass
- Quantity

WHY CHOOSE MIAMI?

- + **Bottom mounted sliding track**
- + **Window weight capacity up to 45kg**
- + **Simple installation**
- + **Suits locks, catches, weather and acoustic seals**
